Dear Mr. Berkover:

The Selectmen of the Town of Lynnfield and the City of Peabody perambulated their mutual boundary on November 20, 1965. At the time it was noted that the road marker on Route 1 at the Town Lyne House has disappeared since the last perambulation.

We would appreciate it if you would check your records to determine if road construction during that period could have caused the loss. If such is the case, an early replacement would be appreciated by both communities.
